MEDICAL.

FRENCH MEDICAL OFFICE.
DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.
DR PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.
DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.
Patients suffering from venereal diseases in any stage Gonorchea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.
DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.
Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.
Low charges and quick cures.
Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.
Female Monthly Pills.
DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.
Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

THE CONSTITUTIONAL AMENDMENT.

THE Sovereign people have uttered the irrevocable *fiat* that the Constiuutional Amendment proposed by the first session of the 39th Congress *shall* constitute the Keystone in the great arch of American reconstruction. A consideration of the grand endorsement which the popular voice has given to this document, the marked page which that endorsement assures it in American history and the vitally momentous ... depend upon its ratification by the States, have induced us to republish the Amendment in full, that our readers may deliberately and calmly reflect upon the lenient terms upon which it proposes to restore the late insurgents to full participation in the Government against which they were so lately armed with full intent to destroy:

SECTION 1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

SEC. 2. Representatives shall be apportioned among the several States according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But when the right to vote at any election for the choice of electors for President and Vice President of the United States, representatives in Congress, the Executive and Judicial officers of a State, or the members of the legislature thereof, is denied to any of the inhabitants of such State, being twenty-one years of age, and citizens of the United States, or in any way abridged, except for partsicipation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of citizens twenty-one years of age in such State.

SEC. 3. No person shall be a Senator or Representative in Congress, or Elector of President and Vice President, or hold any office, civil or military, under the United States, or under any State, who having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may, by a vote of two-thirds of each house, remove such disability.

SEC. 4. The validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; but all such debts, obligations and claims shall be held illegal and void.

SEC. 5. The Congress shall have power to enforce, by appropriate legislation, the provisions of this article.

SEMI-WEEKLY ENQUIRER.

SATURDAY MORNING, NOV. 10th.

LAST TUESDAY'S WORK!—Of the panel of twelve States to whom President Johnson referred the issue between himself and Congress, all, with wondrous unanimity have, with the exception of Maryland and little 8x9 Delaware, declared in sonorous and unequivocal tones against him. The majorities, so far as heard from, are as follows: New York, 8,000 majority for Fenton, and 20 Union to 11 Copperhead Congressmen. New Jersey elects 3 Republicans to 2 Cops to Congress. Maryland elects 1 Union and 4 Cops to Congress, with two of the latter contested. Delaware elects 1 Cop to Congress, and gives a Cop majority of about 1,000. Massachusetts gives Bullock a majority of 75,000. Michigan gives a Republican majority of 25,000, and elects a full delegation of 6 members to the 40th Congress. Wisconsin gives 20,000 Republican majority and elects 5 Republicans and 1 Democrat Congressmen. Illinois gives Gen. Logan about 40,000 majority for Congressman at large and elects 11 Union (perhaps 12) and 3 Democrats (perhaps but 2) to Congress. Missouri gives about 30,000 Radical majority, and elects 9 Unionists (a full delegation) to Congress. We may be excused for stating, *en parenthese*, that we have been sending several copies of the ENQUIRER to Missouri! Minnesota—30 Radical majority, and elects 2 Radicals to Congress. Kansas returns have not been footed, but the Radicals swept the State, and she sends a Radical to Congress. Iowa—[illegible] to 1,000 Union majority, every county giving a majority, from 70 in Washoe to 200 in Lyon county. The philosophy of all these popular demonstrations may be summed up as follows: Ten ex-Seceded States, Delaware, Maryland, Kentucky and Andrew Johnson favor one mode of reconstruction: Twenty-three of the most loyal and populous States and all true Union men favor another. Sane men consider that the latter should dictate—Andy Johnson overlooks all but the Maryland and Delaware returns, "is calm and serene as a Summer day," and "adheres to his policy"—somebody must yield.

THE 40TH CONGRESS.—Sufficient returns have been received to enable us to make a pretty accurate calculation of the material which is to constitute the 40th Congress. If President Johnson or his satellites can derive any comfort from the contemplation of these figures they are quite welcome to it:

	RADICAL.	OPPOSITION.
Maine	5	..
New Hampshire	3	..
Vermont	3	..
Massachusetts	10	..
Rhode Island	2	..
Connecticut	4	..
New York	20	11
New Jersey	3	2
Pennsylvania	18	6
Delaware	..	1
Maryland	1	4
Ohio	16	3
Kentucky	..	9
Indiana	8	3
Illinois	11	3
Missouri	9	..
Michigan	6	..
Iowa	6	..
Wisconsin	5	1
California	3	..
Minnesota	2	..
Oregon	1	..
Kansas	1	..
West Virginia	3	..
Nevada	1	..
Total	141	43

Conceding the 8 votes of Tennessee, and adding them and the 50 votes of the unreconstructed States to the above opposition vote, there would be 141 Radicals to 101 Opposition, and our revolutionary Chief Magistrate would be unable to drum up a quorum to assist in his operation of kicking the overgrown "Rump Congress" out of the Capitol.

THE HEISNER HOMICIDE.—Coroner Jamison held an inquest on the body of Philip Heisner, at Cisco, on Wednesday last. A jury, consisting of W. C. Farnsworth, W. P. Johnston, James Canavan, I. Cohen, Edward Cleckler and Jacob Kost, was empanneled. From the testimony of D. M. Arbor, M. Ross and J. F. Warren, it appeared that Frank Steinman entered the dining-room at Heisner's between 6 and 7 o'clock on Sunday evening, for the ostensible purpose of getting supper. The table was full and he could not get a seat, when he commenced using abusive language. Mr. Heisner was sent for and, with the assistance of others, put Frank out. The latter returned and was put out three or four times. The last time he came in he struck Heisner around Mrs. Heisner who was trying to interpose, and afterwards reached over the counter and stabbed him in the face. These witnesses saw him draw and use a large pocket-knife, which he closed after the collision. Dr. Jones testified to having been called soon after the stabs were received and found one cut in the face and two in the side, one just above the point of the last rib, sufficient to and which certainly did produce death about 27 hours after the Doctor was called. The evidence is too voluminous to permit of our publishing it in full, but the above are the main points. Amos Rogers testified that he arrested Frank between 8 and 9 o'clock, and found a knife on the ground where he arrested him. The blade of the knife measured 3½ or 4 inches in length. Frank admitted to Mr. Rogers that he had cut deceased. The jury rendered a verdict that "deceased was named Philip Heisner—was a native of Germany—aged 37 years, and that he came to his death on the 5th day of November, 1866, in this county, and that the immediate cause of his death was a knife wound in the left side, made by one Frank Steinman, on the 4th day of November, 1866, at the town of Cisco, Placer county."

INSTALLATION.—The following officers for the ensuing quarter were installed on Tuesday evening, November 6, 1866, of Hawkins Lodge No. 216, I. O. of G. T.: I. T. Coffin, W. C. T.; Miss Ella Molter, W. V. T.; W. H. Jones, W. S.; Andrew Lane, W. F. S.; Miss S. A. Cooke, W. T.; J. S. Tam, W. M.; Miss S. A. Goe, W. I. G.; H. Pedler, W. O. G.; Joseph Edwards, P. W. C. T.; J. Lindsay, D. D.

ALSO—The following were installed for the same period as officers of Olive Lodge No. 218, Gold Run: L. J. Stokes, W. C. T.; Miss R. Rice, W. V. T.; L. Moore, W. S.; J. H. Hicks, W. F. S.; C. A. Richardson, W. T.; Geo. Betton, W. M.; F. Goding, W. I. G.; Geo. Mackey, W. O. G.; H. J. Raynor, P. W. C. T.

WILL NEED COPPER TOES.—In his blustering harangue at Louisville, Andrew Johnson threatened that he would kick the Rump Congress out of the Capitol, if the majority dared to oppose his *ipse dixit*. The intelligent masses to whom he confided the "flag with 36 stars," etc., seem to be in no respect less fitted for complimentary applications of the dictatorial boot, if we may judge by the late election returns. The gentry who coppered Andy's head had better examine the condition of his toes.

CIGARS THAT IT 'S NOT SO!—The New York correspondent of the San Francisco *Bulletin* asserts that there is reason to believe that Senator Cole favors the appointment of Sam Purdy to the San Francisco Postoffice, vice Perkins. Making due allowance for said correspondent's superior facilities for obtaining correct information, we will wager four of the best Havana's in Mrs. Millen's establishment, that the report is without a shadow of foundation.

CONTRA.....OR.

The profound Radical statesmen, the astute Radical journalists, and the kind-hearted Radical masses who have, respectively, been uttering wise sentences, inditing prolix paragraphs or exercising ardent sympathies in behalf of Fenianism, have realized quick returns and all the profit which reason or experience entitled them to expect, in the election returns from the city of New York, which is really and practically the Fenian Head Center, all claims and professions of Roberts, McMahon or Sweeney to the contrary, notwithstanding.

As is the Fenian expression of intelligence, gratitude and patriotism evinced by Hoffman's majority of 47,000 in the City of New York, so has been the expression of the masses of the same class throughout the country ever since the inception of the great rebellion. At no time during our great struggle was there any danger of the destruction or disruption of the Government, as a result of the power and ability of the insurgents against a united North. At no time during the same period could or would any division worthy of the name have existed in the North, without the nucleus formed by the almost unanimous Irish vote. In spite of (and only despite) the unanimity of this vote against it, the Union party was able to maintain its ascendancy and save the Government. Barring the unanimity of this vote, no opposition organization would have existed. These are indisputable facts, they are to be historical. Ignoring or forgiving these patent facts, and indulging a blind hope that ignominious buffetings by Democrats, off-setted by heaped-up favors from Radicals, would excite Fenian gratitude to the diversion or division of the Fenian society, certain radical leaders, some radical journals, and many radical voters have sympathized with, fawned upon and bowed down to, Fenianism.

As aforetime, even so in these latter days, Finiganism responds:

"In our native land we were oppressed and downtrodden; we hated and fled from oppression; the Democracy were the advocates of oppression—even of slavery—we voted with the Democracy."

"America offered us an asylum from oppression, clothed us with free citizenship, elevated and ennobled us, we swore to sustain and defend her, she was assailed, the Democracy sympathized with her assailants—we voted with the Democracy."

"And now, consistently with an unvarying record, Andrew Johnson and his Administration having been the most formidable enemy to our most cherished scheme, and Hoffman having appealed as a supporter of Johnson and his Administration, for our votes, we have given Hoffman a snug little majority of 47,000 votes, which it will trouble the ignorant and bigoted native Americans of the interior—the unenlightened rural districts—to overcome."

In abject humility abasing ourself, donning garments like unto potato-sacks and sprinkling the contents of divers and sundry ash-heaps over our unworthy person, we humbly crave Finnigan forgiveness, if any former expression of ours can be tortured into an imputation against their demands for hearty and universal American sympathy and endorsement.

Although the Fenians have, almost as a unit, cast their free and untrammeled suffrages in direct opposition to an overwhelming majority of those "native and to the manner born;" in order to be in the fashion, we feel constrained to acknowledge that they have, as American citizens, demonstrated a *peculiar* fitness for establishing and maintaining an independent nationality. Even if this acknowledgement amounts to an admission of the inferiority or incapacity of the great majority which opposed them, we have said it, and "everything goes."

[COMMUNICATED.

THE SITUATION.

Every day furnishes new and accumulative evidence that the war determined nothing, finally, except the unconquerable military power of the Government, its unity, and the destruction of slavery. The rebel leaders accepted the situation from necessity. Many who joined the rebellion are no doubt heartily disgusted with its leaders, and are desirous of peace. But the evidence is overwhelming that an intensified hostility exists, and that the conflict has been transferred from the field to the ballot-box. What they want is *numbers*. Were it not for the power of the Loyal North, which they hope to divide, and over which they hope to gain an ascendency through the treachery of Johnson, no out-spoken Southern-born Union man would be safe an hour at his home and hearth, much less would a Northern-born Union man find protection. The dullest, most incredulous are beginning to see, that had the rebels and their sympathizers a controlling power, they would, so far as possible, obliterate every trace of Lincoln's administration. And why is it? Is it the work of Andrew Johnson? Occupying a favorable position, a position of power, he has been only a kind of political barometer, guaging, measuring and bringing to view the real animus of the rebels and their allies. Davis, Vallandigham and Johnson are only types of individual, of national culture; the natural result of a whole century of bad teaching, of errors, of inhumanity, of a kind of highly polished semi-civilization, a part of the bitter fruits of which, the Nation has reaped in a four years' war. It is the millions of men with their wrong culture, North, as well as South, who stand behind these leaders and second their movements with their money, their acts and their votes giving them power. Wrong teaching at the cradle, in the pulpit, from the forum, in the halls of legislation, in the temples of justice. By a moral law, as old as humanity itself, the nation is reaping the bitter fruit of the seed it has sown. Thank God! there has been some good teaching, also, more of good than of bad. The names of the great and good teachers are enshrined in the Nation's heart. I will not name them. We still have the very inconsiderable number of 15,000 majority of right minded men in Pennsylvania, out of a poll of near 600,000 votes. Was there ever a time in the history of the Republic when a greater necessity existed for Union men to take each other by the hand and work unitedly together. The Union majority must be maintained. The party is one, not of a day, but of years. Millions on millions, North and South, will go down to their graves, voting steadily against liberty and human progress. The struggle is to run on. There is, however, not only hope, but certainty. The bad teaching is dying out, and good is being everywhere inaugurated. The millions of youth who every four years reach their majority and exert their political, as well as moral power in the great struggle, will be mainly on the side of Union, Liberty and Justice.

Let no Union man, therefore, suppose for a moment, that the great political and moral conflict of the day—phases of which have appeared at New Orleans, at Baltimore and elsewhere, is to be settled this year or next, or at the next Presidential election. Much will be done. The heart of the nation is right, and American civilization, true American culture, and American manhood on a foundation of liberty and justice as broad as the continent on which they repose will stand.

FIRE AT MEADOW LAKE.—We clip from the *Sun*, of the 3d inst., the following accounts of Meadow Lake's first fire experience:

"A few minutes before 1 o'clock P. M. on Thursday, a small frame house, situated at the corner of D and First streets, was burned. The fire commenced on the roof, caused, it is supposed, by sparks falling from the stove-pipe. When first seen the flames had enveloped the roof, and spreading rapidly soon consumed the building. The furniture of the house was all saved. The property destroyed belonged to John Lambert. This is the first, and we trust it will be the last, conflagration which has been seen in our town the present year. Happily it did but little mischief."

EXPLANATORY.—We are in receipt of an interesting letter from San Francisco, which will appear in our Wednesday's issue—arrived too late for the present number, other matter having been set up before we received it. We will arrange for greater punctuality in this respect in future.

SPECIAL TO THE SEMI-WEEKLY ENQUIRER.

Illinois.

CHICAGO, Nov. 9.

Returns from 62 counties in Illinois give Logan a majority of 44,000, a gain of 15,000 over Lincoln's vote in 1864.

Mexican Affairs.

NEW YORK, Nov. 9.

Gen. Sherman arrived here last night. The frigate Susquehanna lies anchored off the Battery awaiting the departure of our distinguished envoys.

A correspondent who left the city of Mexico on the 22d ult. and Vera Cruz on the 26th, says General Castelnau arrived at the capital on Sunday night. Everything was afloat there, all awaiting developments, with all sorts of rumors as to what the next policy would be. The country is infested with guerrillas professedly Liberals, but really bandits, who are using these unsettled times for personal plundering.

Manning & Duck vs. Northup & Davis—Summons and attachment issued for $84 16. Case set for Monday, November 12th.

THIEF ARRESTED.—Deputy Sheriff J. F. Greeley arrested a man known as "Sailor Jack," on the Donner Lake road, about fifteen miles from Dutch Flat, for finding a rope with a horse hitched to it. Jack showed fight, but it availed him nothing. He was brought down to town last Saturday and is now boarding at the county hotel—*Stars and Stripes*.

We presume that the above is correct, so far as the lodgement in jail is concerned. It is also probably correct in other respects, *except as to the matters of fact stated by* Mr. V. Ayers, assisted by other citizens of the neighborhood, arrested Sailor Jack for the larceny of the horse and telegraphed to Deputy Sheriff Greeley to come or send after their prisoner.

EN ROUTE FOR WASHINGTON.—Hon. W. M. Stewart, U. S. Senator from Nevada, passed here on Thursday, on his way to take his seat in the Rump Congress, which is hanging on the verge of the Government as it were. Our hearty good wishes go with you, Senator, but look well to your rear approaches when at Washington and in reach of the ex-Aldermanic boot—those animals kick, you know.

ARRESTED.—Mrs. Julia Gallagher and John Brannan were arrested and brought before Justice Aubury, on a charge of being accessories to the murder of Benj. Hageneey, the negro barber of Cisco, whose damnable taking off was noticed in our issue of the 7th. The examination was set for Monday next at 1 o'clock P. M. The above arrest was made on a warrant issued by Coroner Jamison.

FRIGHTFUL ACCIDENT.—Yesterday evening a passenger on the cars of the Pacific Railroad bound for Marysville, got off at Rocklyn and, on attempting to get aboard again as the cars were about to start missed his footing and fell upon the track, the cars passing over him and severing one arm and leg.—He cannot survive.

THE GRAND ENTERPRISE.—Mr. W. H. Hillhouse has nearly completed the iron connection between the Dutch Flat Canal and Thompson's and Gray's Hills. This connection will be formed by a pipe, made of No. 12 and 14 iron, 3,400 feet in length and 30 inches in diameter. This pipe has been constructed in sections of 250 feet each, an interval of 10 inches being left between sections, to allow for expansion, these intervals being covered with contrivances called "sleeves," each 3 feet in length. It required the labor of seven men two months to make the pipe, using 11,000 pounds of rivets, averaging about 30 to the pound, or [illegible] on rivets for the job. The iron for the pipe weighed about 60 tons. The material was delivered at a point on the railroad a short distance above town, where a large [illegible] the construction of the furnace and other works necessary for tarring the pipe. At this point there was a semi-circular iron trough, long enough to receive a length of pipe, a furnace extending under the entire length of the trough. This trough was kept partly full of boiling coal tar, and over it a set of shears were constructed for elevating and dipping the pipes, which required to be tarred inside and outside. Forty barrels of coal tar were used for this purpose. From this point the pipes were hauled, one making a load for a two-horse team, a distance of from half a mile to a mile and a half. As outlets for the water intended for each claim, there are seven cast-iron gates of ingenious construction besides one each for the mouth and outlet. This splendid piece of work would have been completed ere this, but has been delayed on account of the grading, of which as much is required as for an ordinary turnpike. Taken all in all, we think that this operation may safely challenge comparison with any similar undertaking in the State.

SUSPECTED OF CONCUPISCENCY.—An unusual flutter was perceptible in our staid, circumspect and virtuous community on Thursday last, growing out of a report that a young and tender maiden, not more than twelve or fourteen years of age, had eloped from a point about eight miles above here with a libidinous old reprobate, a married man old enough to be her father. On inquiry we ascertained that this young girl, whose parents reside in this place, had been sent to reside with a family at Blue Bluffs a few weeks ago. Owing to some misunderstanding occurring in the Blue Bluff family the early part of this week, a gentleman spoke to Northup requesting a place in his family for the girl, and was referred to Mrs. Northup who remarked that "doubtless he thought that he was doing he girl a benefit but in fact was doing her an injury. As Northup's animal passions were ungovernable, but she (Mrs N.), would do the best she could for the girl." Northup on Wednesday is represented to have been lounging around the house improving every opportunity to make advances to the child, until his wife became outraged at his actions, and drove him from the premises. She accused him before many persons of endeavoring to degrade herself, and said he had induced persons to approach her with that object in view. News was brought to town of the condition of affairs, when Mr. I. T. Coffin immediately repaired to Alta—where the couple were stopping—and by judicious advice induced the girl to return to her parents. We cannot find words sufficient to express our condemnation of the conduct of Northup. The girl is nothing more than a child, and of course, being young and inexperienced, felt flattered at the attentions shown by Northup. That his designs upon the child were fiendish we believe, or he would never have induced the girl to remain from home so long, when so near it. If the reported statements of his wife with the rumors of his previous life in transactions of a similar character during his residence in the Reese river country be true, then to guard others from depredation, we recommend that the method usually adopted to curb the passions of other members of the brute creation be pursued in his case. It is fortunate for this fellow that the father of the girl is at present from home, otherwise he would illustrate the Scriptural maxim that "punishment follows close upon the heels of the transgressor."

TAKE IN YOUR CLOTHES!—Liability to the officiously friendly calls of long-tailed and loose-trowsered Celestial visitants, makes it extremely hazardous for our citizens to be careless about gathering in the contents of their clothes-lines at earliest night-fall. These sage reflections have been induced by late experiences of Mrs. Spencer, of this place, who recently purchased cloth for a full outfit of sheets, etc., which she made up, washed and hung on a line in her front porch, hoping that they would be safe there over-night, and get the benefit of a good bleaching. The sequel too surely proved the vanity of all such hopes so long as Chinese emigration shall be tolerated. The early dawn found expectant Mrs. Spencer on hand to contemplate the results of the bleaching process, but the last rag of new clothes had disappeared, only the bare line having been, kindly or by oversight, left for Mrs. S. to feast her eyes upon.

MORAL—With Chinamen around and good clothes to dry "it is dangerous to be safe."

MATTRESSES.—We incidentally dropped into the upholstery establishment of Messrs. Hildreth & Smith, of this place, where we found one of the proprietors busily engaged—as usual—in filling orders for beds and sofas made of their "Imperial Filling Material," for which the State Agricultural Society awarded them a diploma at its last annual meeting. This material is made from the "Soap Root," indigenous to California, and is said to be superior to anything used for similar purposes save cured hair and is thought by many to be fully equal to it, while in point of economy it comes at about one-half the price. A mattress of this material costs twelve dollars and a-half, a sum sufficiently small to bring the luxuries of a first rate bed within the reach of all.

NEW FACES.—We have seldom observed so many strange faces in our town as just at present. We are informed that many of our visitors are here from the snow-region above, with reference to securing comfortable winter quarters. We should suppose that large accessions would be made to our population during this and succeeding winters, if our hotel keepers and those having unoccupied tenements would avail themselves of the usual means of attracting persons at a distance, and if the hotel keepers, especially, would furnish such accommodations as to tempt wayfarers to locate with us.

ALTOGETHER LOVELY.—Dr. Strong has left with us some samples of an article of fine cut chewing tobacco, branded "Mickle & Sons' Forest Rose," put up in one pound tin cans and beyond comparison the most luscious fine cut which has ever entered the cavernous portal of our vocal orifice. No sweeter cud ever induced genial ruminations, and, unless the supply fails in the meantime, our readers may, within a reasonable period, anticipate some lovely "leaders," induced by "Forest Rose" inspiration.

TURN OUT!—There will be a meeting of citizens at Golden Eagle Hall, on Wednesday evening next, preliminary to the formation of a Lyceum. Amateur Dramatic Club, or such other association as may be deemed most likely to secure pleasant recreation during the long evenings of the winter.

RAILROAD PROGRESS.—We are informed by a citizen of this place that he located fifty laborers on the line of the Pacific Railroad, twenty miles beyond Donner Lake a few days ago. He thinks there will be no difficulty in procuring plenty of hands throughout the winter.

SOIREE.—There will be a social party at Golden Eagle Hall, on Tuesday evening next.

S. T.-1860-X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters: if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,
which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a mo[illegible] and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

LYON'S EXTRACT GINGER.

LYONS' EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Hartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co., is over the cork of each package.—None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—It saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and trombled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco. Dec-3m

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

Copy of the Report of the Committee of Awards at the Fair of the

AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine.
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed, These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngset babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diarnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best of treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care: in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it: they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts: Gonorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate: Seminal Weakness: Diseases of the Heart and Lungs: Dyspepsia: Indigestion, Impotency: Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted. Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safe guard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rest no except in proper and skillful treatment. Consult them at once, a physician whose long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London. Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs; Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its [illegible]. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms [illegible], whether Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of mercury, such as pains in the skin-bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness,

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females,

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor.

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you and DR DEMAREST for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
